

SCOTGRIP®
step into a safer environment

**Manufacturers of heavy duty,
anti-slip safety products**

Ref: SCGR KTS
Issue No: 1
Issue Date: Mar 2010
Page No: 1 of 2

Providing safety solutions to industry

Scotgrip® Kicker Tread® incorporate the unique Scotgrip® high-traction anti-slip safety surface which gives a sound foot-holding in the most extreme conditions. These tough and durable products are manufactured under BS EN ISO 9001:2008 quality controlled conditions comprising of a reinforced composite base and a graded aggregate surface. As a Scotgrip® quality standard, these products are fire rated, spark and friction tested. Scotgrip® Kicker Tread® has the added feature of a safety 'Kicker' incorporated at the rear of the tread.

The leading edge of a step is the most dangerous part, especially if it has been damaged, worn smooth or rounded by constant use. The rear edge of a step can also be a concern if objects can be dropped or kicked over accidentally and fall below. By installing Scotgrip® Kicker Tread® not only is this slip hazard and objects dropping from a height eliminated but the lifespan of the step is greatly increased.

These heavy duty products are easily fitted onto open grating/grille, chequered plate, concrete or wood.

Call us with your requirements. Eliminate 'Slips and Trips' and 'Objects dropping from a height' on your stairways.

- **Eliminates 'Slips and Trips'**
- **Eliminates 'Objects dropping from a height'**
- **Cost effective**
- **High traction anti-slip safety products**
- **Tough and durable**
- **Manufactured to customer specification**
- **Fully guaranteed**
- **Fire rated, spark and friction tested**

- **Easy to fit over existing steps**
- **Reflects positively on personnel performance**

Step into a safer environment with Scotgrip®

PRODUCT

Scotgrip® anti-slip Kicker Tread®

Code

KTS

FITTING DATA

Fitting onto:	Method
Open grating	Type 'S' fixings (saddle assemblies)
Chequered plate	Self tap screws or nut, bolt and washer
Wood	screws or adhesive

FIXING HOLE POSITION

If fixing holes are to be pre-drilled the following information is required:

• Manufactured to customer specification

Scotgrip® Kicker Tread® is supplied to your requirements as the tread needs to be fairly snug with the stairway stringers.

STANDARD SIZES

Breadth (or Depth) of Step	Length*
UP TO 200mm (8" approx)	SUPPLIED TO THE EXACT LENGTH OF YOUR STEPS
UP TO 250mm (10" approx)	
UP TO 300mm (12" approx)	

*Please deduct 10mm (3/8" approx) from length of steps to allow for proper seating.

• Ease of installation

Scotgrip® Kicker Tread® is designed for quick and secure fitting on your location. Our products are pre-drilled to aid installation.

For installation details, please go to the Technical section of our website: www.scotgrip.com

HIGH-TRACTION ANTI-SLIP

Scotgrip® Kicker Tread® will provide a sound foot-holding even in the most extreme conditions and will eliminate 'Slips and Trips' and 'Objects dropping from a height' in your working environment.

Surface grades:
 High Profile – 6mm aggregate (1/4" approx.)
 Low Profile – 3mm aggregate (1/8" approx.)
 Fine Profile – 1mm aggregate (1/16" approx.)

HIGHLY VISIBLE

Colour coded in a wide range of colour schemes to suit individual locations. Colour codes are:
 safety yellow, black/safety yellow, black, green, grey, blue, red, white.
 fluorescent and photoluminescent finishes
 Other colours available – please ask.

HEAVY DUTY

Scotgrip® Kicker Tread® is extremely durable and remain highly effective for many years.

MANUFACTURED TO CUSTOMER SPECIFICATION

Scotgrip® Kicker Tread® is supplied to your requirements as the tread needs to be fairly snug with the stairway stringers.

SAFETY 'KICKER'

A safety 'Kicker' is incorporated at the rear of the Kicker Tread® to prevent objects being dropped or kicked over the back of it and fall below. We recommend this upstand 'Kicker' to be at least 100mm (4" approx) in height. We can increase or decrease this height to suit your requirements.

EASE OF INSTALLATION

Scotgrip® Kicker Tread® is designed for quick and secure fitting, either by mechanical fixings or bonding to existing surfaces. These products are pre-drilled where required for quick installation. Scotgrip® products are non-load bearing and must have a suitable underlying structure to be secured to.

QUALITY – IT'S WHAT DRIVES US

All Scotgrip® products are manufactured under BS EN ISO 9001:2008 quality controlled conditions using highly compatible raw materials at our premises in Banchory, UK.
