Providing safety solutions to industry

Scotgrip® Weld Deck Tiles incorporate the unique Scotgrip® high-traction anti-slip safety surface which gives a sound foot-holding in the most extreme conditions. These tough and durable products are manufactured under BS EN ISO 9001:2008 quality controlled conditions comprising of a reinforced composite base and a graded aggregate surface. As a Scotgrip® quality standard, these products are fire rated, spark and friction tested.

Steel decks are quite acceptable when dry but can become extremely dangerous when wet, soiled or painted. By installing Scotgrip® Weld Deck Tiles not only is this slip hazard eliminated but the lifespan of the underlying steel deck is greatly increased.

These heavy duty products are secured as the name suggests – by welding. This unique safety product is manufactured with built in protruding steel plates around the perimeter of the tile. These plates are positioned in such a way that if more than one tile is fitted they can be butted up together by means of interlocking the protruding steel plates.

Call us with your requirements. Eliminate ‘Slips and Trips’ on your walkways/decks.

- **Eliminates ‘Slips and Trips’**
- **Cost effective**
- **High traction anti-slip safety products**
- **Tough and durable**
- **Standard sizes and custom made**
- **Fully guaranteed**
- **Fire rated, spark and friction tested**

 fluorescent and photoluminescent finishes
 Other colours available – please ask.

HEAVY DUTY

Scotgrip® Weld Deck Tiles are extremely durable and remain highly effective for many years.

STANDARD SIZES OR TO CUSTOMER SPECIFICATION

Scotgrip® Weld Deck Tiles are manufactured in a wide range of standard sizes (see table opposite). We regularly manufacture custom sizes to suit individual locations.

EASE OF INSTALLATION

Scotgrip® Weld Deck Tiles are designed for quick and secure fitting by welding the protruding steel plates onto the steel deck. Scotgrip® products are non-load bearing and must have a suitable underlying structure to be secured to.

QUALITY – IT'S WHAT DRIVES US

All Scotgrip® products are manufactured under BS EN ISO 9001:2008 quality controlled conditions using highly compatible raw materials at our premises in Banchory, UK.
