

SCOTGRIP®
step into a safer environment

**Manufacturers of heavy duty,
anti-slip safety products**

Ref: SCGR Stepmate®
Issue No: 1
Issue Date: Mar 2010
Page No: 1 of 2

Providing safety solutions to industry

Scotgrip® manufactures Stepmate® bridges and ramps which incorporate the unique Scotgrip® high-traction anti-slip safety surface which gives a sound foot-holding in the most extreme conditions. These tough and durable products are manufactured under BS EN ISO 9001:2008 quality controlled conditions comprising of a reinforced composite base and a graded aggregate surface. As a Scotgrip® quality standard, these products are fire rated, spark and friction tested.

Stepmate® bridges and ramps are designed to be placed over the potential hazards of pipes, cables and hoses in the workplace. These products are lightweight for easy manual handling and can be used as a temporary measure or as a more permanent fixture. If required, we can incorporate protruding steel plates which can be welded to the deck as a permanent fixture. Stepmate® bridges and ramps have been designed for pedestrian and light equipment use only.

Call us with your requirements. Eliminate 'Slips and Trips' in your working environment.

- Eliminates 'Slips and Trips'
- Cost effective
- High traction anti-slip safety products
- Tough and durable
- Standard sizes and custom made
- Fully guaranteed
- Fire rated, spark and friction tested
- Non corrosive
- Easy to fit/lightweight construction
- Reflects positively on personnel performance

STEPMATE® CUSTOM RAMPS

HIGH-TRACTION ANTI-SLIP

Scotgrip® Stepmate® ramps will provide a sound foot-holding even in the most extreme conditions and will eliminate 'Slips and Trips' in your working environment.

Surface grades: High Profile – 6mm aggregate (1/4" approx.)
 Low Profile – 3mm aggregate (1/8" approx.)
 Fine Profile – 1mm aggregate (1/16" approx.)

HIGHLY VISIBLE

Colour coded in a wide range of colour schemes to suit individual locations.
 Colour codes are: safety yellow, black/safety yellow
 Other colours available – please ask.

HEAVY DUTY

Scotgrip® Stepmate® ramps are extremely durable and remain highly effective for many years.

STANDARD SIZES OR TO CUSTOMER SPECIFICATION

Scotgrip® Stepmate® ramps are manufactured in a wide range of standard sizes (see tables opposite for standard pipe/cable bridges and GP ramps). We regularly manufacture custom bridges/ramps to suit individual locations. Please send a sketch with dimensions and we will get back to you with details.

EASE OF INSTALLATION

Scotgrip® Stepmate® ramps can be placed into position quickly and easily due to their lightweight construction. Stepmate® ramps have been designed for pedestrian and light equipment use only. If necessary, weld tags can be built into the product at manufacturing stage.

QUALITY – IT'S WHAT DRIVES US

All Scotgrip® products are manufactured under BS EN ISO 9001:2008 quality controlled conditions using highly compatible raw materials at our premises in Banchory, UK.

FURTHER SCOTGRIP® PRODUCTS
